SESSION 1

- **Primary Treatment**
 - [Cancer Advanced Preset \(Plasma\)](#)
 - [Cancer / Plasma / Cancer Advanced Preset \(P\) – JW-2 hours and 6 Min](#)
 - INFO: Original Royal Rife Frequencies from 1934
 - USE: Use Phanotron or “Tube”
 - Plug in contact Tens Pads into spooky central or PMF coil and Ultrasonic device for additional killing power. Ultrasonic is plugged in on the spooky in the “ultrasonic” port, the PEMF in the “coil” port and the contact tens pads in the “contact” port (make sure to turn the switch on the spooky central to “ON”).
 - [ALL Cancer Frequencies \(Contact\)](#)
 - [Cancer / Contact / Cancer \(C\) – JW](#)
 - INFO: Included in the Program are two select DNA frequencies targeting all known types of cancer.
 - In “Programs” Tab - Change “Repeat Sequence” from 1 to 5.
 - This will change from 30 min to 2 hr 30 min matching Cancer Advanced Preset Plasma treatment above.
 - USE: Connect your TENS pads to G1 out1 on your generator.
 - Recommended to run as long as possible.
- **Secondary Treatment**
 - [Biofeedback Hunt & Kill \(Contact\)-Separate from Cancer Treatment](#)
 - [Biofeedback / Generator X / GX Hunt and Kill \(C\) – JW](#)
 - INFO: The preset begins with a biofeedback scan. The hits found are then run on any nominated generator. When the program completes, the previous hits are re-analyzed. Pathogens which are running for cover are discovered, and hit again.
 - This cycle repeats until the preset is stopped OR no hits are detected.
 - [Blood Cleanser \(Contact\)](#)

- [Shell \(empty\) / spooky cold laser \(L\) / blood cleanser](#)
 - INFO: Cold Laser Therapy, or Low Level Laser Therapy (LLLT) is a treatment that uses a precise specific wavelength of light to interact with tissue. This helps to accelerate the body's natural healing process.
 - USE: Use "COLD LASER" (red light wrist band)
 - Place so red light is underneath top of hand (upside down of how you wear a watch).
 - Suggest use, run every day
 - Time: Program is around 20min
-
- **Additional / Extra Treatment**
 - [Cancer Cell Repair Octave \(Remote\) or \(Contact\)](#)
 - [Shell \(Empty\) Presets / Remote or Contact / Healing \(R\) or \(C\) - JW](#)
 - Found in Program Search
 - INFO: Octave sub-harmonics of 380nm light per Dr. Fritz-Albert Popp's biophoton research.
 - USE: Use Remote or Contact Tens Pads.

SESSION 2

- **Primary Treatment**
 - Cancer Specific Treatment – Diagnosis-Plasma
 - Shell Empty Preset, Program Tab pick Diagnosis Programs (P) – JW=run for 2 hours
 - In “Programs” Tab – CLEAR Loaded Programs
 - In search bar, SEARCH for specific diagnosis
 - ADD all programs desired.
 - Make sure “Duplicate Frequencies” box is selected
 - USE: Use Phanotron Plasma.
 - and - Plug in contact Tens Pads into spooky central along with PMF coil and Ultrasonic device for additional killing power. Ultrasonic is plugged in on the spooky in the “ultrasonic” port, the PEMF in the “coil” port and the contact tens pads in the “contact” port (make sure to turn the switch on the spooky central to “ON”).
- **Run Secondary Treatment as Described Above**

SESSION 3

- **Primary Treatment**
 - Biofeedback Scan Hunt & Kill (Reverse Lookup) (Contact)
 - Biofeedback / Generator X / GX Hunt and Kill (C) – JW
 - INFO: The preset begins with a biofeedback scan. The hits found are then run on any nominated generator. When the program completes, the previous hits are re-analyzed. Pathogens which are running for cover are discovered, and hit again. “Hits” are available to save as personal programs and saved in BFS library.
 - AFTER biofeedback scan, a window with frequency “hits” will pop up. (Killing will continue in the background).
 - Go to REVERSE LOOKUP section
 - CHANGE preset from .25 to .15 (the lower the number you put in, the least amount of reverse lookup frequencies will be generated)
 - Press GO to generate reverse lookup document.
 - SAVE Reverse Lookup results in MS Word Doc by name and date.
 - ANALYSE the reverse lookup document and SELECT programs that match your known symptoms. (Cancer, pick Cancer programs that are most prevalent.)
 - ADD these programs to any treatment and run.
 - USE: Create custom treatment program and run.
 - Use Remote for: Pain, Inflammation, Detox
 - Use Plasma for: Killing, Bacteria, Viruses, Cancer, Parasites
- **Run Secondary Treatment**
